

of the State of Maryland with reference to their economic products, and for the preparation of reports and maps illustrating the character and distribution of the mineral resources. The Survey also maintains a Highway Division under special Acts of the General Assembly. It likewise carries on work in hydrography, forestry, terrestrial magnetism, and the mapping of the agricultural soils in co-operation with the National Government. The most important feature of this joint work is the preparation and publication of a topographic map of the State on the scale of 1 mile to 1 inch.

The Public Highway, known as State Road No. 1, between the cities of Baltimore and Washington, is being constructed under the supervision of this Commission according to the provisions of Chapter 312, Acts of 1906.
